

## Point of Sale

Point of Sale has just been made simpler and easier.

This fully integrated Windows based solution, is the latest technology for your business operation that replaces your old outdated cash register.

With just a few clicks of the mouse, you can easily create Purchase Orders, Update Inventory, Print barcodes, Make Sales, Invoice Customers, Make Payments and run reports.

Our single station solution comes complete with POS Tracker software, Receipt printer (Two Copy), Cash Drawer and a Barcode Laser Scanner.

**Sales**
